

CHILDREN FOR CHRIST MINISTRY

Prayer letter for July 2026

THANKSGIVING

- Thank God for His protection over all the team members and participants as they attended last month's seminars. The three seminars were all 2-day events, to complete Levels 2 and 3. 14 attended at Mangochi, 22 at Mchinji and 22 at Nsanje.
- Of these, a total of 42 Sunday school teachers successfully completed the assessment on the final day and received certificates. Thank God for their commitment to complete the course and that they have developed skills that will help many children to understand the Gospel.
- Praise God that during June the African Evangelical Church (AEC) invited CFCM to train their Sunday school coordinators in the Blantyre area. They are now discussing how CFCM can train their coordinators to be trainers so that they can train all of the Sunday school teachers in AEC, nationwide.
- Thank God for another successful harvest of honey to help bring in funds for the ministry. Pray that the honey will sell well.

PETITIONS

- Pray that all the newly trained Sunday school teachers will take up the challenge to establish community Bible clubs so that God's saving message reaches children who do not attend Sunday school.
- July seminars will take place in Mzuzu with Mr Phiri and Pastor Tembo, and in Machinga with the staff team. Pray that all those who attended Level 1 in these places last year will attend to complete levels 2 and 3. Pray that they will be successful in grasping all the lessons and putting them into practice. Pray for safety for all those who will be travelling to the destinations.
- Pray for Sunday school and Bible club children who will be writing their MSCE exams this month. Pray that they will trust God and know his peace.
